## CommunicationsPro Launches Capture Life Stories

---

**FLOURTOWN, PA - June 23, 2010:** -- Montgomery County resident Barbara Sherf and founder of [CommunicationsPro](#) has expanded her communications consulting business to include capturing life stories in print and DVD.

Sherf, of Flourtown has been offering professional communications consulting for the past 16 years for a variety of clients, and now brings some of those same storytelling skills to help families capture their stories.

“Several years ago I put together a book of my father’s stories about growing up on a farm in South Jersey and participating in Cowtown Rodeo. I thought once we were finished the book, that would be the end of it. But when I tell people about the DVD and the book, they ask if we could help them capture their loved one’s memories as well.”

Samples of both print and videos can be viewed at [CaptureLifeStories.com](#)

“I’m not sure where this will lead, but at this point it is a calling and we feel we must share these gifts we have with others,” said Sherf.

Sherf, who worked as an award-winning print and broadcast journalist for a decade, started CoommunicationsPro in 1996, whose mission is to help develop and communicate clear and consistent messages.
